

# CopyCat Taco Bell Cinnamon Twists

## Ingredients

1/2 cup sugar  
1 tablespoon ground cinnamon  
vegetable oil for frying  
4 ounces spiral-shaped duros

## Directions

Combine the sugar and cinnamon in a bowl and stir.

Heat the oil to 350°F in a deep fryer.

Place the duros into the fryer, about 15 at a time. Nothing will happen for the first few seconds. Then they will suddenly puff up. Continue cooking for 5 seconds after they have puffed up.

Remove the duros from the oil and transfer them to a wire rack to drain.

Sprinkle the duros liberally with cinnamon and sugar.
